

Wealth Dashboard

Our Wealth Dashboard in HSBC Indonesia Mobile Banking is your complete online wealth management platform. It gives you a unified overview of your entire holdings with HSBC, and unprecedented control over your wealth- all packaged into a streamlined interface.

Easy Portfolio Monitoring

Monitor your investments in mutual funds, primary market bonds, and secondary market bonds - available in both foreign currencies and rupiah - exclusively on HSBC Indonesia Mobile Banking.

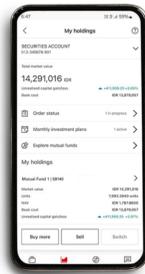

Manage Investments Conveniently

Enrich your investment options by exploring various features in HSBC Indonesia Mobile Banking.

• Mutual Funds

The Monthly Investment Plan feature can help you invest in mutual funds regularly at monthly basis. Invest in mutual fund safely and easily with a flexible automatic debit process - you can set the investment amount and time period freely based on your preference.

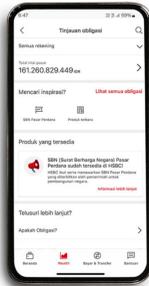

• Primary Market Bonds

Take full control in managing your bonds from ordering to early redemption. You can also find out the status of your transactions and update your e-SBN registration details easily.

• Secondary Market Bonds

Review your bond performance against the current market value and explore the wide range of product options available. Find out more about the benefits and get the information you need about bonds.

Accessing Your Transaction History Made Easy

Keep track of your investment transactions with HSBC Indonesia Mobile Banking, tailored to your needs.

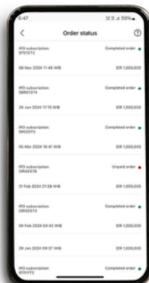

• Mutual Funds

View transaction history from the last 30 days

• Primary Market Bonds

View transaction history from the last 3 months

• Secondary Market Bonds

Check up to 1,500 of your latest transactions
